Opening Reception March 6, 4 - 6 pm

What happens when you give a group of artists each a measuring tape, 16mm film and a level? You have an amazing assemblage of creativity as each artist creates their own meaning, context and narrative for these items. Exhibiting artists are Beverly Decker, BiJian Fan, Amani Fliers, Blossom Friel, Lucia Grossberger Morales, David Isakson, Julie Kornblum, Susan Lasch Krevitt, Leslie McQuaide, Arlene Mead, Janet Neuwalder, Sigrid Orlet, Ty Pownall, Bob Privitt, Stephen Schafer, Robin Tripaldi, Kathy Waggoner, and Jan Wasserman.

The exhibit runs from March 6 through 30 with an opening reception on March 9, 4 – 6 pm. Our guests will vote for the "People's Choice" award during the reception.

On March 23 at 4 pm, the exhibiting artists invite you to join them for an Artists' Panel Discussion on the creative power of "Limitation", to be held at the gallery. No admission fee but please [RSVP](#) to reserve your spot.

The Director's Gallery showcases traditional drawings by our artist members Carolyn Barone, Gretel Compton, Leyan Cooksey, Megan McTavish, and Vajda Frigyes.

Art Education

60 second graders from Camarillo Heights Elementary School enjoyed a studio tour and two hands-on project as part of their field trip to Studio Channel Islands Art Center. Thank you to artists Sigrid Orlet, Sherri Cassell and Judi Slapin for giving the kids a great time! We would like to share some of their thank you letters:

"Dear Channel Islands Art Studio, Thanks for the tour and the weaving demonstration. My favorite part was the mad kitty project. You are pretty good with kids. I saw cool art things, and pretty colors. You have some good art stuff. I learned an art lesson: All paints are different. Your friend Joie"

"Thank you for letting us visit. The art was wonderful. The secrets of art were great. The weaving was awesome. So was the running outside. Your friend Ben"

"Thank you very much for the fun. i liked learning about the beautiful paintings because they were my favorite

ones. It was awesome to learn about hand art. I never knew what a loom was. My favorite part of the field trip was seeing the big loom because it was big. Thank you, Phoebe"

"Thank you for the tour of the place. I liked when you let us see the weaving. The thing I learned was that different artists use different things. We did a mad kitty art. I had a lot of fun. Love, Isabella"
